PROFESSIONAL SUMMARY

Flutter and Android developer with 2 years of experience designing and shipping scalable, production-ready mobile applications using Dart, Java, Firebase, REST APIs, and MVVM architecture. Skilled in clean architecture, real-time systems (WebRTC, FCM), and performance optimization, with multiple applications live on the Google Play Store.

TECHNICAL SKILLS

Languages: Dart, Java

Mobile Frameworks: Flutter (cross-platform), Android SDK, XML UI Design

Architecture: MVVM, ViewModel, LiveData, Clean Architecture

Backend & Cloud: Firebase (Authentication, Realtime Database), REST APIs, Push Notifications (FCM)

Other: Location-Based Services, WebRTC, Git, Android Studio, VS Code

PROFESSIONAL EXPERIENCE

Flutter Developer | Ora-Tech Systems Pvt Ltd, Karachi

Nov 2025 – April 2026

- Develop and maintain cross-platform mobile applications using Flutter and Dart, following clean architecture and MVVM principles.
- Integrate Firebase services and REST APIs to deliver real-time, production-grade features.

Flutter Developer | UA-Technologies

May 2026 – Present

PROJECTS

Mera Ashiana – Real Estate App (Live on Play Store) (Flutter)

Cross-platform real estate application enabling users to browse, search, and post property listings with detailed information and images. Implemented advanced filtering and user authentication using Flutter and modern backend services.

LensLib Wallpapers (Live on Play Store) (Flutter)

Android wallpaper application offering high-quality, categorized wallpapers with smooth browsing, sharing, and downloading experience.

Calln – Random Voice Calling (Live on Play Store) (Flutter)

Mobile application utilizing WebRTC for real-time, peer-to-peer voice communication, enabling seamless anonymous user connections without signup.

LifeSaver – Health & Emergency Android App (Java)

Android application built with Java, Firebase, and REST APIs featuring OTP authentication, SOS alerts, location-based blood donor matching, appointment scheduling, push notifications, and secure role-based access for doctors and patients.

PicsBuddy – Social Image Sharing App (Java)

Android image-sharing platform with secure authentication, media management, advanced search, categorized browsing, and real-time notifications via FCM.

EDUCATION

BS Computer Science | Federal Urdu University of Science & Technology, Karachi

2021 – 2024

CERTIFICATIONS

- Android Development Bootcamp — FAST City Campus (Oct 2023 – Dec 2023)
- Short Course in Web Development — Aptech Learning, Karachi
